

VILLAGE QUARTERLY

South Wayne, WI 53587

DECEMBER EDITION 2012

As 2012 comes to a close and we start 2013, I think it appropriate to review some of the enhancements to our community. In the last 5-6 years, we have seen many improvements.

The ATV Park was built from ground up (including buying the ground the shelter house sits on).

Lots of additions have been made to the east side community park. Besides finishing the ball diamonds, a walking trail, covered bridge, basketball and volleyball courts, shelter house, and beautiful landscaping have been added.

We have built a new well house, re-furbished well #3, and put a new roof on well house #2.

We have re-constructed two village streets north to south complete with curb and gutters, upgraded water mains, and new sidewalks where needed.

We have purchased a new tractor and new trucks for the Village and have helped the Fire Department in the purchase of a new equipment truck, a task solely paid for by the Village and Fire Department donations.

These improvements were accomplished by the wise use of your money by your Village Board and with the \$ 1.3 million dollars of grant money from various sources. We hope to continue in this vein to make more improvements.

Here is a preview of coming attractions...

- automatic water meter readers
- monthly water/sewer bills instead of quarterly
- recycle pick-up along with trash
- another street/water main upgrade

Details of these projects will be provided in future mailings.
