

VILLAGE QUARTERLY

South Wayne, WI 53587

JULY EDITION 2013

WATER METERS – Installation of the new meters has started. You will be contacted for an installation date. Later in the year we hope to bill monthly. The second quarter billings will be late due to the new meter installation and new billing software. The manual read billings will include some water usage for the month of July.

RECYCLE – Enclosed is a list of items that can be recycled. There are so many things that we can recycle if we choose to. This will eliminate the amount of garbage you collect, therefore eliminating some of the cost for additional garbage bags. Please recycle!

FAMILY PETS – Keep your cats in your own yard. Dogs must be on leashes when being walked and owners should carry implements for “cleaning up after”. Your dog needs a license. Contact Judy Meske at 439-5377 to register your dog (or dogs) and obtain a license.

HOME IMPROVEMENTS – Property improvements and home remodeling projects need a building permit. Contact Phil Carroll at the Village Hall at 439-1011 to inquire and purchase.

PHOSPHORUS – The State has set new lower limits for phosphorus in the sewer system. Please do your part to help reduce the amount of phosphorus that goes into the sewer system. An update of the sewer plant would be very costly.

ORDINANCES – There is no open burning in the Village.

DATES TO REMEMBER

RED-CRACKER FEST at the South Wayne Community Park – July 26 & 27

FIRE DEPARTMENT CONSIGNMENT AUCTION & RAFFLE at Powers Auction
Service 2445 State Road 11 – August 4th – 9:00 AM

THANK YOU – To Mavis Rood, Chris Obert, Linda Gebhardt, and the Community Foundation for the new banners displayed in the Village.

Have a happy and safe summer - watch out for children

Melodie Hawkins
